PRINTER SERIES

## HP INSTANT PRINTING UTILITY

### MORE FORMATS

- HP Instant Printing Utility 3.0. lets you conveniently print files in large format, whether these are architectural or mechanical designs, or whether you are working in MS Office 2007 (Word, Excel, Powerpoint). Just straight from your desktop.
- HP-GL/2 is a standard file format developed by HP for CAD applications that includes all print job settings, ready to reprint.

### MORE CONVENIENT

- Just right-click one or more files and select HP Instant Printing Utility to send them to any HP large format printer that is installed in your printer folder.
- Create and store HP-GL/2 files as proofs of your printed CAD projects and reprint them easily.
- Avoid possible errors, wasting time and media by using HP Instant Printing Utility auto-scaling, auto-rotate, and real-time print preview features.

### FASTER

- Save time printing in-house and eliminate expensive outsourcing and delivery.
- Process HP-GL/2 and PDF (on PostScript models only) files quickly using the memory in the printer and free up your computer.
- Continue working without interruptions, concentrating on your core tasks and design work.

### MORE RELIABLE

- No network traffic jams in your connection to the printer that may compromise print quality.
- Get the same results on any HP Designjet and avoid trial and error.
- Works with the more than 2,000,000 Designjets that HP has sold in its 25 year history of large format printing.
